

Vol.45, Issue 3, 2011

A.M. Andronov

Markov modulated processes of reproduction and loss, pp.5-18.

S.V. Yarmolik and V.N. Yarmolik

Random tests with small number of patterns design, pp.19-30.

K.R. Aida-zade and N.T. Aliyeva

About a class of membership functions for fuzzy sets, pp.31-44.

T.I. Nasirova and A.M. Hasanova

**Determination of numerical characteristics of the moment
of the first major repairs of compressor device, pp.45-55.**

A.S. Rybakov and V.Yu. Vedin

**Precise measuring time coordinates of event stream based on digital processing
of triggered relaxation oscillator wave train, pp.56-69.**

N.M. Ivanov

The adaptive processing of weak signals set against the background of the high-power clutters, pp.70-78.
